Good afternoon Nelle,

I can confirm Council owns the concrete retaining wall on Beach Rd outside these properties. Please see a screenshot from our asset database (RAMM) which shows this.

Ensuring free drainage via what is known as 'weep holes' on the face of the wall is a key maintenance item. The walls are also inspected routinely by a structural engineer and if necessary, a geotechnical engineer.

A specific item regarding this wall is the ramp leading from Beach Rd up to the properties. While the ramp is provided as part of the wall's original construction, any upgrade or maintenance for vehicle access would be the responsibility of those who wish to use it for access.

Regards

Rodger
